THE JATHEON ADVANTAGE

Honoured with Deloitte's Top 10 Companies-to-Watch and InfoTech's Value Champion Award, Jatheon Technologies is the designer, developer and marketer of cCore, a family of network appliances, that is powered by ergo, Jatheon's proprietary software solution.

Following a holistic design philosophy, Jatheon's cCore hardware and ergo software solution – backed by Jatheon's best-in-class 24x7 support – uniquely maximizes the performance, affordability and efficiency of email archiving:

ABOUT JATHEON

Founded in 2004, Jatheon Technologies Inc. designed the world's first non-intrusive network appliance.

Today Jatheon continues to raise the bar throughout the industry with its latest enterprise grade cCore appliance line, and ergo, its powerful email archiving, indexing, retrieval and dynamic monitoring software solution.

Jatheon is headquartered in Toronto, Canada and serves clients worldwide through its network of global business partners.

cCORE : Enterprise-grade Scalability

Providing the sought-after security and control of an on-premise solution, Jatheon cCore is the first enterprise grade scalable appliance for organizations of all sizes.

ERGO : Software Intelligence at Your Fingertips

Capitalizing on the high quality of the hardware, ergo smartly optimizes the technology advantage, translating it into both, unmatched speed and essential integrity of data processing and archival storage. Ergo's sophisticated search and custom policy capabilities operate beneath the surface of an easy-to-use, intuitive interface that allows effortless archiving and email management.

THE JATHEON GUARANTEE
: 24x7 Support: The Essence of Worry-Free

cCore and ergo are backed by Jatheon's best-in-class pro-active 24x7 monitoring and technical support plan that further ensures worry-free performance and follows Jatheon's customer-centered service philosophy. Combined with a free-of-charge hardware replacement every 4 years, The Jatheon Guarantee keeps you and your business year after year firmly ahead of the email archiving technology curve.

Jatheon offers a comprehensive, cost effective, and easy to deploy archiving solution that requires minimal IT support for the simple management of corporate emails, making it a suitable solution for companies of all sizes in regulated industries and beyond.
