

JATHEON ERGO TO CLOUD MIGRATION

A Step-by-Step Guide

0

Preparation Phase

- Provide access to the Security and Compliance Portal for vetting

Jatheon Cloud Account Registration

- The client's organization receives an email invitation to register their Jatheon Cloud account.

1

2

Journaling Redirection from cCore to Jatheon Cloud

- All new emails are automatically archived in the Cloud.

Jatheon Technical Support Takes Over

- Once journaling is redirected and the Cloud account is active, the Jatheon Support Team takes over the migration process.

3

3.1 Appliance Access
(Establish SSH tunnel with migration server)

3.2 Storage Checkup
and SSD Shipping (if required)

3.3 Start of Data Upload

3.4 Data Ingestion
